

CWC - Tapered Container Irrigation Insert

The absolute solution for all your planter needs! Designed to fit perfectly into a tapered round and square decorative pots, this self-watering system is guaranteed to keep your plants healthy and hydrated. With over 30 years of experience, our vacuum-sensor watering system ensures that the moisture levels in the soil are always precisely controlled, giving your plants the perfect amount of water when they need it. The oversized reservoir allows for refill intervals up to four times longer than typical hand watering, so you can relax and nurture your plants for weeks on end (up to 2-4 weeks for interior plants, 1-2 weeks for exterior)! And with the added benefit of sub-irrigation, the CWC becomes the most water efficient irrigation system available. We have partnered with Tournesol Siteworks USA to import innovative self-water sensors, patented by them. So, say hello to beautiful, thriving plants with the CWC container irrigation insert.

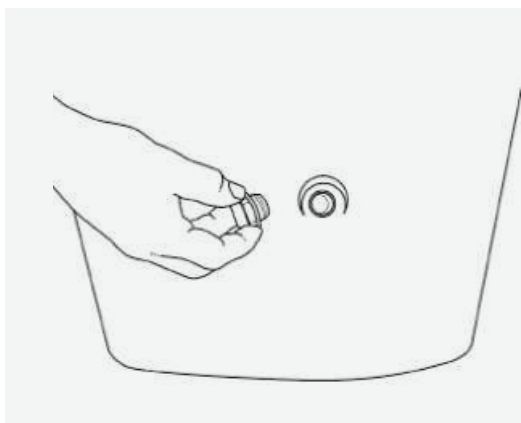

How It Works:

Size Chart

CWC - Tapered Container Irrigation Insert		
Sr. No.	Item name	Item Description
1	CWC 1200	
2	CWC 1300	Tapered Round, Outside Dims: 14.5"Top / 8.0"Bot / 13.5"Ht, Water Cap: 1.2 Ltr.
3	CWC 1400	
4	CWC 1500	Tapered Round, Outside Dims: 16.5"Top / 10.5"Bot / 15"Ht, Water Cap: 2.25 Ltr.
5	CWC 1600	Tapered Round, Outside Dims: 18"Top / 11.5"Bot / 17"Ht, Water Cap: 3.2 Ltr.
6	CWC 1800	Tapered Round, Outside Dims: 20.8"Top / 13"Bot / 19"Ht, Water Cap: 4 Ltr.
7	CWC 2100	Tapered Round, Outside Dims: 23.3"Top / 14.5"Bot / 21.5"Ht, Water Cap: 6 Ltr.
8	CWC 2400	Tapered Round, Outside Dims: 26"Top / 15"Bot / 21"Ht, Water Cap: 6.5 Ltr.
9	CWC-2500	Tapered Round, Outside Dims: 27.3"Top / 17.5"Bot / 25"Ht, Water Cap: 7.5 Ltr.
10	CWC-R1100	Tapered Round, Outside Dims: 12.5 sq"Top / 10.5" sqBot / 13.25"Ht, Water Cap: 2 Ltr.
11	CWC-R-1300	
12	CWC-R1500	Tapered Round, Outside Dims: 12.5 sq"Top / 10." sqBot / 17"Ht, Water Cap: 3 Ltr.
13	CWC-R1600	
14	CWC-R1616	Tapered Square, Outside Dims: 16"Top / 12.7"Bot / 11.7"Ht, Water Cap: 2.0 Ltr.
15	CWC-R1850	Tapered Square, Outside Dims: 20.5"Top / 15.5"Bot / 19"Ht, Water Cap: 5 Ltr.

Overflow Drainage Feature:

- Each CWC container irrigation insert features built-in overflow drainage in the sidewall.
- If the container is to be used exterior, use the insert as is. Excess rainwater will build up in the insert and will flow out as required.
- Should the insert be used indoors (or under cover), no overflow is required. Use the drain plug included with each unit.
